Ultra Signature® Continuous Railing

Stronger by Design

This railing system utilizes a two-piece design that withstands considerably more lateral force than code requires. The outer rail completely covers all the stainless-steel fasteners for a sleek look.

We use only the strongest aluminum alloys and incorporate substantially more aluminum in all our rails than most of our competitors. All the components of our Railing System are individually designed and factory assembled with stainless-steel fasteners to ensure structural integrity. The entire assembly is protected with our powder coat finish, a durable coating that is typically twice as thick as other types of paints and meets AAMA 2604 Standards.

Ultra Signature® Railing with Tempered Glass Insert is a great way to provide safety without obstructing a beautiful view.

Ultra Signature® Glass Railing

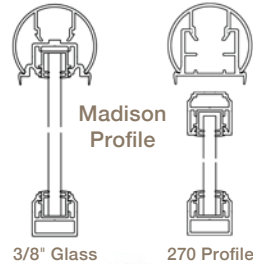

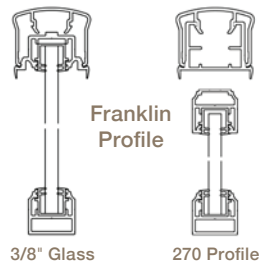

It's sleek, beautiful and low maintenance. Plus with locally sourced tempered glass, it meets code requirements.

Add style and protection without blocking out a beautiful view. The Ultra Signature® Glass Railing system withstands considerably more lateral force than code requires. The outer rail provides a secure hand grip and completely covers all stainless-steel fasteners for a sleek, hidden-fastened look.

- Ultra Aluminum™ Limited Lifetime Warranty
- Meets AAMA 2604 Standards

Gates for Our Railing

Perfect for walkways and entrances

Our gates are engineered to be as strong as our railing systems. Ultra™ gates are made to tight specifications, with stainless-steel fasteners securing each baluster to the rails, and welds at all the connection points. Our walk gates make ideal entry ways to front and back yards, sidewalks and pools*.

UARG-200 2R Two Rail

UARG-200 3R Three Rail

Ultra gates are designed to match your railing system perfectly – balusters, rails and posts.

Walk gates have standard 3 5/8" picket spacing. Gates come built for openings of 36", 42" and 48" widths. Square Balusters, 3/4" wide, come standard with Ultra Railing.*Can be Special Ordered 48" high to meet pool code requirements.

37" High Aluminum Hand Rail Walk Gates

35" panel height, 2" sweep, (Hardware is sold separately)

43" High Aluminum Hand Rail Walk Gates

41" panel height, 2" sweep, (Hardware is sold separately)

Juliette Balconies by Ultra™

Low-maintenance Ultra Aluminum™ Juliette Balconies are designed to be strong, and visually appealing.

Ultra Aluminum™ Juliette Balconies are made in America of strong aluminum alloys with welded corners, welded balusters, and welded flanges for a secure

connection to the building. Ultra™ Balconies come in a variety of colors, all with a Lifetime Warranty against cracking, chipping or peeling.

Juliette Balconies are available in Gloss or Textured Finish

Ultra Aluminum™ 1.5" Secondary Handrail is designed to work well with Ultra Signature®

Ultra Signature® 1.5" secondary handrail is a modular system designed to meet the railing code requirements for the Americans with Disabilities Act and Uniform Federal Accessibility Standards. It is designed to be easily assembled on site, and therefore does not require a welder or detailed design drawings. This secondary railing system blends seamlessly with all our railing designs—offering an extra level of safety, strength and accessibility for any deck or porch. Materials are all aluminum and will not rust, with a high-quality powder-coated finish that is AAMA-2604 compliant.

Planning Guides and Takeoffs

Specialty Post Flanges

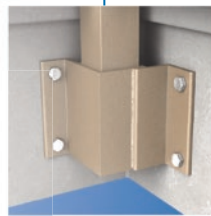

Ultra Aluminum™ specialty post flanges are designed for strength, versatility and innovation.

Ultra Aluminum™ helps tap into your desire to explore some exciting new railing designs and configurations. We've developed a series of flange extensions to allow your railing to 'float' outside of the surface of your balcony, porch or decking. There are different flanges for inside corners, outside corners as well as support brackets for bottom rails.

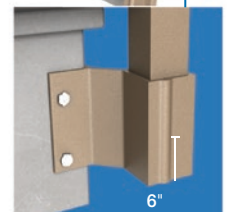

NOTE: Use Specialty Post Flanges with Signature® Assembled Panels Only.

Glass Panels Sourced Separately

Bottom Rail Support Required

Ultra Posts are available in 2", 2.5" and 3" Residential Posts with a 4-Boss Flange, and as a 3" Commercial Post with a 6-Boss Flange.

2" Cable Stub Mount
A very substantial 12" tall aluminum extrusion with an outer dimension of 2" to fit a 2.5" Boss.

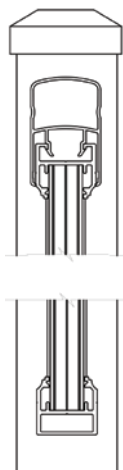

X-Spline Stub Mount
1.75" outside dimensions to fit a 2" post.

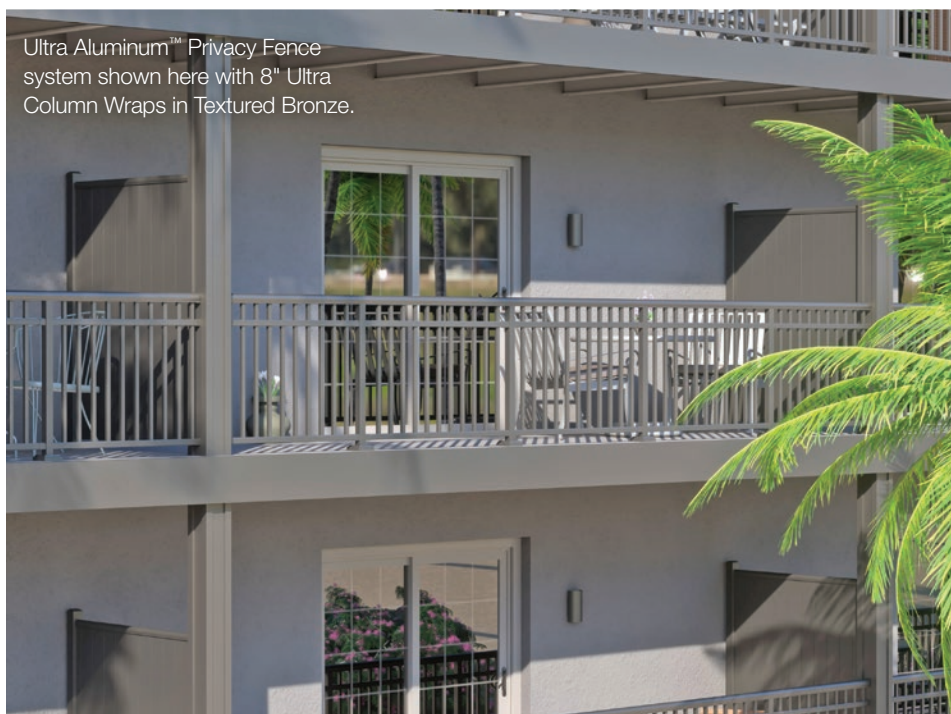

Three Styles of Ultra™ Privacy Screen— two in all aluminum and one in aluminum+vinyl

Ultra Aluminum™ Privacy Fence Panels are offered in 6' wide by 4', 5' and 6' high sections.

Manufactured with Ultrum™ alloy, with a minimum strength of 35,000 psi., this privacy screening is as strong as steel, but will never rust.

Ultra Aluminum™ Privacy Fence system shown here with 8" Ultra Column Wraps in Textured Bronze.

Ultra Aluminum™ Privacy Fence provides screening that won't rack, wobble, rot, crack or peel. It is designed to last without the worry of ongoing maintenance.

Ultra™ Vinyl Privacy Fence combines the strength of extruded aluminum posts and caps, and top, middle and bottom rails, with channels to hold your favorite 7/8" x 6" vinyl panels. The Ultra™ Vinyl Privacy Fence system is available in 8 ft. widths with 6 ft. heights.

Ultra™ Vinyl Privacy
2-Rail System

Ultra™ Vinyl Privacy
3-Rail System

Ultra VP™ Privacy Fence with 2-Rail System

An All-Aluminum Privacy Fence with welded louvers and a Lifetime Limited Warranty.

You can't get it with wood, vinyl or steel. It must be Ultra Aluminum™ fencing.

Ultra Signature[®] RAILING

Signature[®] Collection | Privacy Collection | Gates, Accessories & More

Ultra Aluminum Manufacturing has a quality control system in place and has been qualified as an approved fabricator under the Intertek CCRR evaluation report. Our process minimizes errors in railing production sent to our customers, and ensures the quality of welds, alloys and materials used for our railing systems. Intertek performs quarterly inspections to also ensure the use of their QC controls and logo/marks are maintained and followed.

The Signature[®] Railing system utilizes a two-piece design—the outer rail provides a secure hand grip, and completely covers all stainless-steel screws for a sleek, hidden-fastened look. All railing panels are available in standard 6' and 8' widths. Shorter panels can be provided from the factory, or field trimmed to meet exact measurements on-site.

Gloss or Textured Finishes

Our advanced powder coat finish allows us to produce a high-quality, long-lasting finish on our aluminum, which is also environmentally friendly. Ultra's powder coated finish is AAMA 2604 specifications, allowing us to produce a high-quality, long-lasting finish.

Materials

Ultra's high strength, aluminum alloy is as strong as steel, but will never rust. Our 6005-T5 alloy has a minimum strength of 35,000 psi.

Ultra Aluminum[™] Warranty

Ultra Aluminum[™] fence products are guaranteed against defects in workmanship and/or materials. The powder coat finish on all fencing by Ultra Aluminum[™] is guaranteed against cracking, peeling or chipping. Visit our website for more information and a copy of the warranty.

Environmentally Responsible

We are proud to use recycled aluminum in our products. Aluminum is the most commonly recycled metal in the world. Our powder coating process is environmentally friendly and virtually pollution-free.

Ultra Louvered Privacy Fence is offered in a variety of widths and heights to meet your requirements. Manufactured with Ultra's high strength, aluminum alloy—with a minimum strength of 35,000 psi.—Ultra Aluminum[™] Privacy panels, posts and rails are as strong as steel, but will never rust.
