Low-Maintenance
Ultra Aluminum

Never needs
painting

Won't rust, rot,
crack or peel

Easy to Install

Design Options

Ultra Max® Railing has an elegant handrail profile and two classic baluster configurations.

UMX-200 2R Two Rail

UMX-200 3R Three Rail

Top Rail

Bottom Rail

Balusters

Ultra Max® square balusters, 3/4" wide, come standard, and are engineered to fit snugly with our Ultra Max® FrictionFit™ System.

Colors

The powder-coated finishes available for Ultra Max® Railing, Gates & Accessories are all applied with a special Ultra Powercoat™ finish to resist harsh weather and heat.

Colors shown represent an approximate comparison and may vary slightly from actual product color.

High Quality Textured Finishes

Our advanced Powercoat™ finish allows us to produce a high-quality, long-lasting finish, which is also environmentally friendly. The Powercoat™ finish is twice the thickness and hardness of a typical baked enamel finish, and meets AAMA 2604 standards for the ultimate in durability and UV Protection.

Environmentally Responsible

Ultra Aluminum™ is proud to use recycled aluminum in our products. Aluminum is the most commonly recycled metal in the world. Our Powercoat™ coating process is environmentally friendly and virtually pollution-free.

Materials

All Ultra Max® railing components are extruded from Ultrum™ 6005-T5 alloy, with a minimum ultimate strength of 35,000 psi. Ultra Max® posts come in a variety of thicknesses, and are also Powercoat™ finished.

Ultra Max Lifetime Warranty

Ultra Max® Aluminum railing products are guaranteed for life against defects in workmanship and/or materials. The Powercoat™ finish carries a lifetime limited warranty against cracking, peeling or chipping.

Visit our website for more information and a copy of the warranty.
