Ornamental Gates to Meet All Your Needs.

Ultra Aluminum™ makes a scale of fencing for every neighborhood, home style and commercial application. We also make a wide variety of matching gates for any setting, including grand entrance ways, walkways and pool areas. Ultra Aluminum™ Gates are an exact match to our many Ultra Aluminum™ Fence and Railing designs, and are available in standard and premium grades. Our walk gates make ideal entryways to front and back yards, sidewalks, and pools.

From Top to Bottom: Ultra's UAF 200 arched walk gate and custom arbor provide a welcoming entranceway; Gold Quad-Finials and Circles on this UAS 100 walk gate add elegance to this pool enclosure; Staggered spears and arched top spruce up this UAS 150 walk gate; UAB 200 arch-top gate is BOCA-approved for swimming pool safety.

gates

Black UAF 250 swing gate with puppy pickets is so attractive, you hardly notice the Lux gate opener on the inside!

Ultra Aluminum™ Drive Gates

Drive gates may be used as driveway entrances, large walkway or path entrances, or in unpaved applications such as backyards, pastures, and parks. Ultra Aluminum™ Drive gates are available in heights of 4', 5', 6', 7', and 8'; widths are max 12' Residential, 16' Commercial, and 28' Industrial. Almost any brand of gate opener can be used with any style of drive or walk gate.

Top Right Photo: UAS 150 drive gate greets visitors to this beautifully landscaped yard; **Bottom Left:** custom UAS 100 arched gate safeguards this entryway; **Bottom Right:** A commercial property is secured with a UAS 100 drive gate and remote control opener.

Make a grand entrance

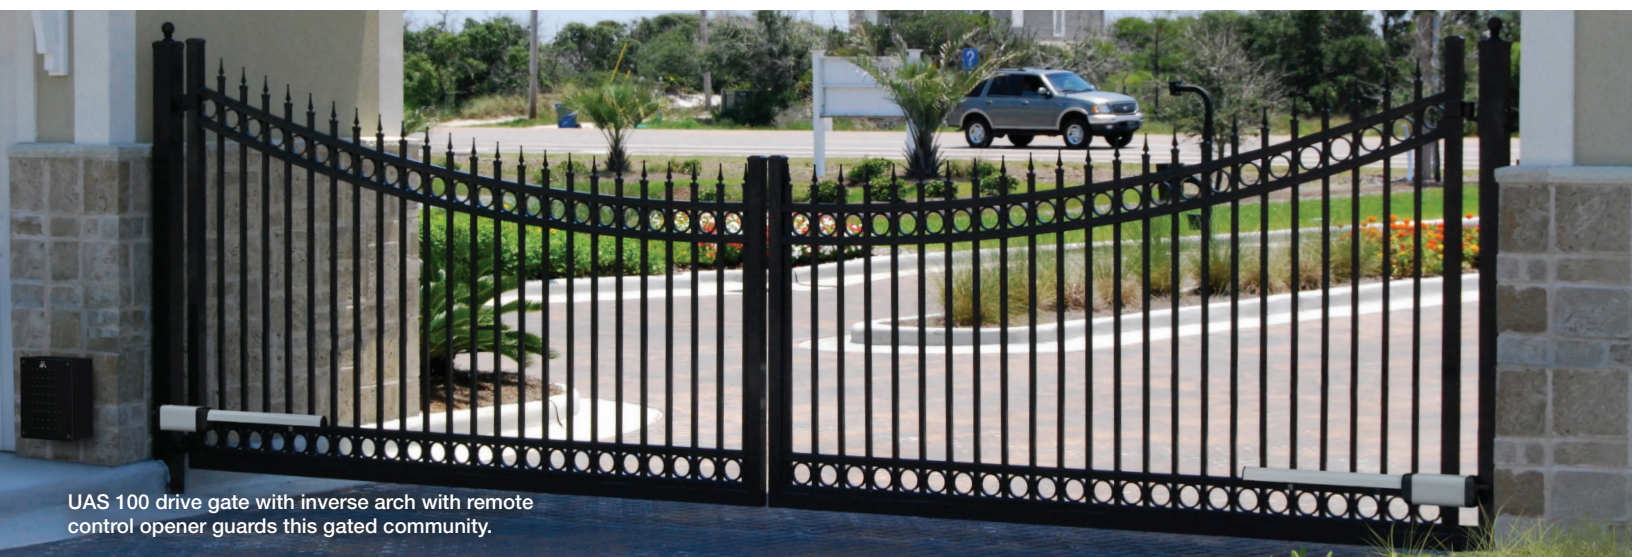

with Ultra Estate and Drive Gates

UAS 100 estate gate has it all — tri-finials, circles at top and bottom, welded U-frame, and ornate custom inlays — resulting in a beautiful and secure grand entrance.

Ultra Aluminum™ Estate and Drive Gates Create a Luxurious Entry to Your Home.

An estate gate is an Industrial-grade drive gate where the upper horizontal rails are compound bowed to form a graceful rolling configuration. A stunning and practical operating Estate or Drive gate adds upscale beauty and security to any property. Ultra's grand entrance gates are designed to match the rest of your fencing, and blend with your architecture as well.

UAS 100 drive gate with inverse arch with remote control opener guards this gated community.

This beautiful Satin Khaki UAS 150 arched drive gate with U-frame and staggered finials is a welcome sight.

Architecturally Appealing Colors

Ultra Fence, Railing and Gates are available in nine classic colors, as well as custom specified hues.

All colors are applied with an exclusive Powercoat™ finish to meet AAMA 2604 Standards to resist harsh weather and heat. Custom colors are available with a modest upcharge.

Decorative Accents

Circles, Butterfly Scrolls, Large Scrolls, Finials or Ball Caps can adorn any style of Ultra Gate.

UAS 100 with Circles and U-Frame protects the developing property inside.

Eclipsing the Competition

All aluminum or aluminum+vinyl—both strong, beautiful and low maintenance with a Limited Lifetime Warranty.

Eclipse™ Privacy Panels — Privacy with Strength

Eclipse™ aluminum privacy screening features strength and durability that you just can't get from a typical vinyl or wood railing systems. The ideal privacy panel for a residential, commercial or industrial application, to contain or shield air conditioning equipment, dumpsters, pipes, and electrical systems. Eclipse™ privacy screening won't rack and wobble. It is designed to last for years and years without the worry of ongoing maintenance.

Eclipse VP™ — Straight, strong and true aluminum frame system for vinyl T&G panel inserts

This beautiful new low-maintenance privacy fence combines the strength of extruded aluminum top, middle and bottom rails to be combined with rich solid or variegated-color vinyl panel inserts. The Eclipse aluminum frames are designed to fit any standard 7/8" x 6" T&G vinyl board, and comes in 8' wide by 6' high sections, with 3" or 4" posts.

Big. Bold... and beautiful.

Ultrack™ Cantilever and V-Track Gates

Ultra Aluminum's line of Ultrack™ Cantilever and V-Track Gate systems are engineered for strength, security and architectural appeal. As tough as these gates are, the sliding mechanisms are designed so even our largest gate can be easily opened and closed with one hand. But they are easily adapted for use with Ultra's line of automatic gate openers and existing security systems. These gates work exceptionally well in any commercial or industrial setting.

Cantilever Gates are available for openings 6' to 50' W and 4', 5', 6', 7', and 8' H; custom sizes are available. Hardware is included.

*Estate
Collection™*
FINELY CRAFTED
GATES, RAILING & FENCE

Ultra Aluminum™ Estate Collection™ Fencing, Railing & Gates uses a series of Computer Numerically Controlled (CNC) machines designed by European blacksmiths to twist and turn the metal into intricate patterns and shapes. Visit our website for more information.

Ultra Aluminum™ Limited Lifetime Warranty

Ultra Aluminum™ fence and railing products are guaranteed for life against defects in workmanship and/or materials. The exclusive Powercoat™ finish on all fencing and railing by Ultra Aluminum™ is guaranteed for life against cracking, peeling or chipping. **Visit our website for more information and a copy of the warranty.**

Environmentally Responsible

We are proud to use recycled aluminum in our products. Aluminum is the most commonly recycled metal in the world. Our powder coating process is environmentally friendly and virtually pollution-free.

Design like a Pro with Ultra Aluminum™ Online Design Studio

We make it easy to visualize the dramatic difference our ornamental fencing, railing, and gates can make to your home. Choose from our wide selection of styles, then accessorize with colors, post caps, picket tops and other designer accents.

www.ultrafence.com/designstudio.html

Look to Ultra Signature™ Railing for Extra Strength, too.

The Ultra Signature™ railing system utilizes a two-piece design that withstands considerably more lateral force than code requires. The outer rail provides a secure hand grip and completely covers all stainless-steel fasteners for a sleek, hidden-fastened look.
